

SECTION-A: How to Add VPN Profiles/Users

1. Go to <https://limitlessvpn.vadialer.com/login>
2. Login using the username and password provided.

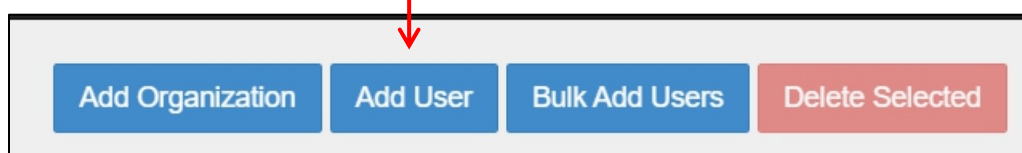

The image shows the Pritunl login interface. It features a dark header with the 'pritunl' logo. Below the header, there are two input fields: 'Username' and 'Password'. A blue 'Sign in' button is positioned below the password field.

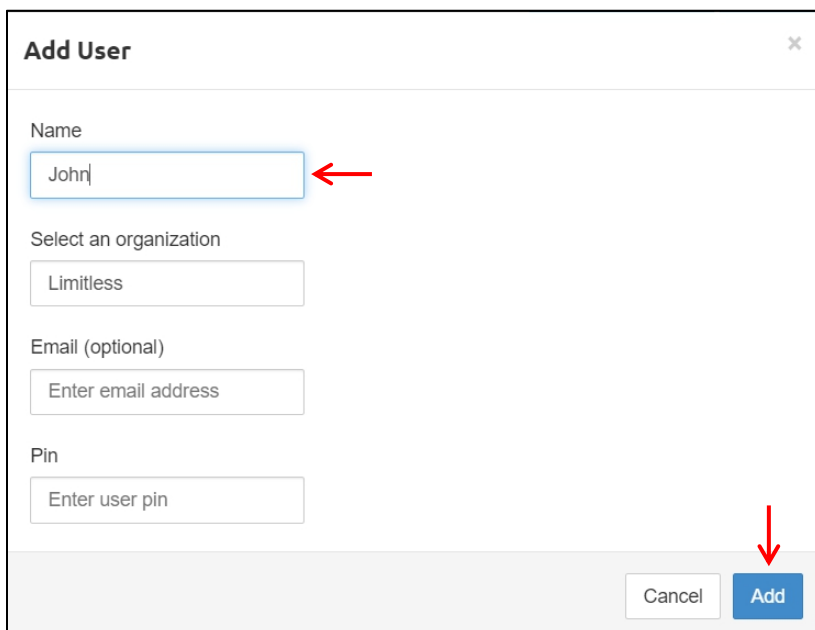

3. Click on **Users** tab from top menu.

4. Click on **Add User**.

5. Enter the **Name** of the User and click on **Add** button.

The 'Add User' dialog box contains the following fields and controls:

- Name:** A text input field containing 'John'. A red arrow points to this field.
- Select an organization:** A dropdown menu with 'Limitless' selected.
- Email (optional):** A text input field with the placeholder 'Enter email address'.
- Pin:** A text input field with the placeholder 'Enter user pin'.
- Buttons:** 'Cancel' and 'Add' buttons at the bottom right. A red arrow points to the 'Add' button.

6. User will be created.

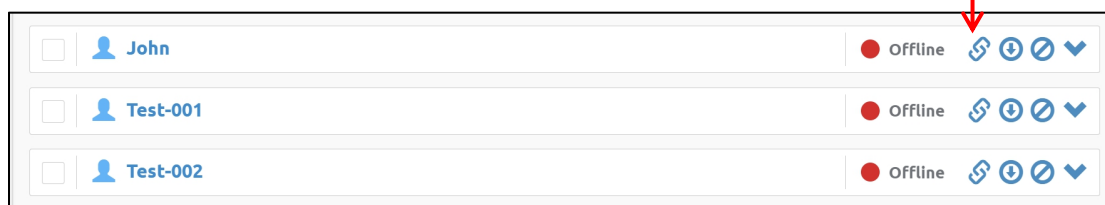

A red arrow points to the first row of the table.

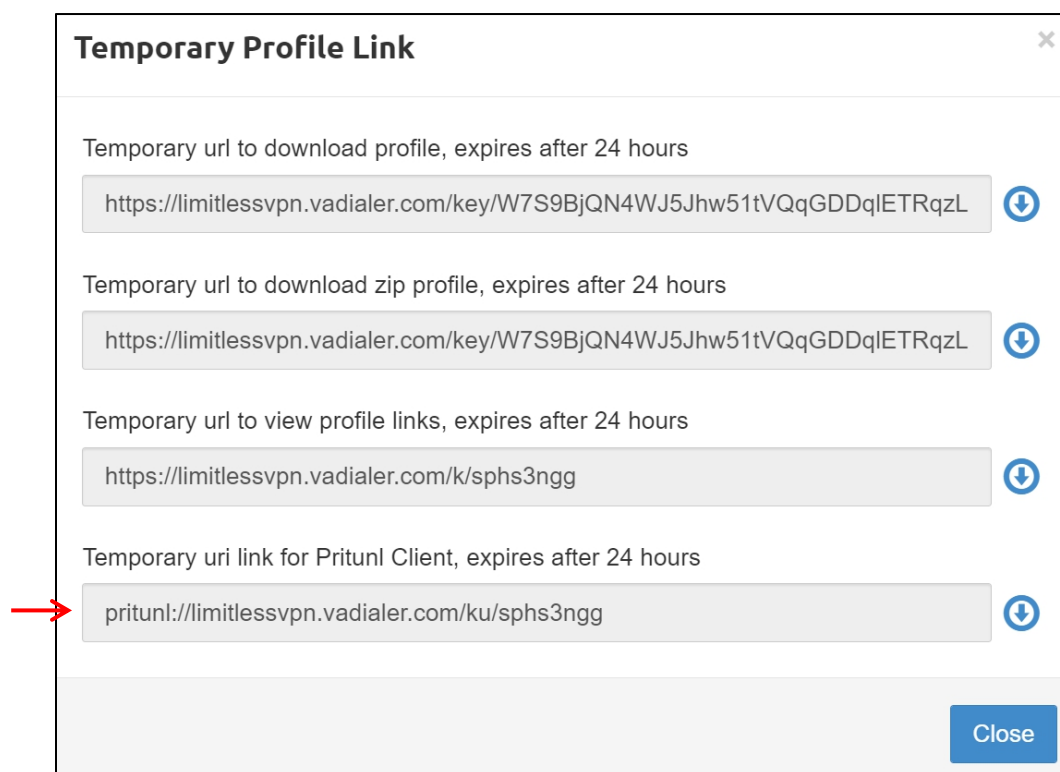

<input type="checkbox"/>	 John	● Offline				
<input type="checkbox"/>	 Test-001	● Offline				
<input type="checkbox"/>	 Test-002	● Offline				

SECTION-B: How to Share the VPN Profile with the User

1. Click on the link icon of the User.

2. Copy the bottom link in field *Temporary uri link for Pritunl Client, expires after 24 hours*

3. Share this VPN profile link with the User so they can import their VPN profile.
4. Note that this is a temporary link which means it will expire after 24 hours.
5. If the User didn't import his/her VPN profile before 24 hours, you can share the new link again for the same User by repeating the steps of **SECTION-B: How to Share the VPN Profile with the User**.

SECTION-C: How to Check if User is Connected to VPN

1. If the User shows as Online, it means the User is connected to the VPN.
2. Here is an example, **CLIENT SIDE** you can see User **Test-001** connected to the VPN. **ADMIN SIDE**, you can see it is showing as **Online**.

ADMIN SIDE
